Highlights CON AMORE 2022

Autobiographical Memory in Ageing and Dementia

On September 27-28, 2022, CON AMORE organized the international conference *Autobiographical Memory in Ageing and Dementia* at AIAS, with 8 keynote speakers and 2 invited speakers. Close to 90 researchers from more than 15 countries participated and around 50 posters were presented at the conference. It was the ninth international conference organized by CON AMORE since 2010.

Scientific output

In 2022, CON AMORE had 42 articles published or in press/accepted for publication. One book (monograph) and three book chapters were also published/in press in 2022.

To tell a life

In connection to the CON AMORE conference, Annette Bohn, Christin Camia and AIAS organized a symposium on life story psychology in honor of Tilmann Habermas, on September 29-30, 2022.

Welcome

In 2022 we welcomed three new PhD students: Alexander Pilgaard Kaiser, Dela Sawatzki and Sofie Aamand Beyer.

Graduations

Five PhD students from CON AMORE successfully defended their PhD dissertations: Tirill Fjellhaugen Hjuler: *Spontaneous Memories in Three-Year-Olds*, Toril Sveistrup Jensen: *Spontaneous Memories in Preschool Children*, Inge Lise Lundsgaard Kongshøj: *A Tale Gone Wrong? The Interplay between Trauma, Life Stories, and Age in PTSD-symptoms*, Anne Mai Pedersen: *Narrative Identity and Self-understanding in Relation to Bipolar Disorder* and Ayleen Verena Roderer: *Prospection and Future Goals*.

Awards and grants

Trine Sonne and Osman Kingo have received 2,436,639 DKK from the Danish Victims Fund to the project: Children's stories about abuse episodes: What do we know about children's ability to remember and talk about events? Peter Krøjgaard was awarded the Cross of Honour of the Order of Dannebrog for his long-lasting and thorough work in the field of developmental psychology. In addition, CON AMORE was among the finalists for the Research Environment of the Year Award 2022. CON AMORE was nominated by the young researchers at CON AMORE.
