CON AMORE 2020 Celebration Symposium: Ten years as a DNRF Center of Excellence

On November 18, 2020, CON AMORE celebrated its ten years as a DNRF Center of Excellence. The celebration event was originally planned to be held physically in June 2020 to mark the end of the DNRF center grant, but due to COVID-19, the event ended up being postponed and finally held as an online event in November 2020. Despite the circumstances, the event was a success, with inspiring talks and posters from center members and affiliated researchers from all over the world.

Awards and grants

Katherine W. Panattoni was granted 1,607,000 DKK for an international postdoc scholarship from the Independent Research Fund Denmark for the project: Individual Differences in Autobiographical Memory. Ocke-Schwen Bohn was granted 4,746,613 DKK for the project: Perceptual Flexibility in Old Age: Effect of Training on Speech Perception, also from the Independent Research Fund Denmark. Majse Lind received the Danish Psychological Association's Junior Researcher Award 2020.

Graduations

Three PhD students affiliated with CON AMORE successfully defended their PhD theses in 2020: Rikke Amalie Agergaard Jensen: Narrative Identity and Adaptive Outcomes, Niels Peter Nielsen: Emotional Hotspots and Involuntary Memories and Riikka Pauliina Svane: Gender, Culture, and Parental Involvement in Parent-Child Reminiscing

Riikka Pauliina Svane at her PhD defence,
